confidence and
reliability.**

Residential Vertical Platform Lift from Bruno

Now your porch or deck is totally accessible through this affordable solution from the leaders in residential accessibility technology.

Peace of Mind is not bought...it is given...through the skill, dedication, and vision of proud craftsmen who design and build products to increase the independence of people around the world.

Safety is the watch word.
Reliability is the standard.
Value is the promise.

The entire bottom of platform is spring sensitive, shutting the unit down if an obstruction is encountered.

Optional - Top landing gate includes mechanical interlock released only with platform at the top landing.

***“Bruno...First in Performance,
Built to Last!”***

VPL-3100 by Bruno
Making your life easier

fe • Durable

Affordable

The Bruno name has always meant trust. Our new Vertical Platform Lift extends that promise to another category of solutions "For your Independence".

For the consumer who insists upon performance and reliability, the Bruno VPL-3100 offers the perfect solution for your home accessibility needs.

Automatic self-lowering folding ramp provides convenient entrance for mobility devices when in the "down" position, and a safety enclosure in the "up" position

Simple, accessible controls with emergency stop switch are easy to operate.

Optional keyed call/send controls offer additional security and ease of operation.

Dimensions shown are for the model VPL-3153
